FAMOUS PONIES AT STATE FAIR

BUSCH ENTRY ALSO
FEATURES FAMOUS CATTLE

President E. E. Knight of the State Fair of Texas, announces that through the courtesy of Mr. August A. Busch of St. Louis, visitors to the State Fair this year will have an opportunity to see Mr. Busch's wonderful herd of prize-winning Dexter cattle. This will be the first exhibit of pure Dexters ever shown in the South.

Mr. Busch has been interested in Dexters for several years, and has gathered together the most wonderful collection of individuals ever seen in one herd. In fact, it is the only considerable collection now owned in this country and is expected to be one of the most interesting features of the 1916 State Fair.

The Dexter is a representative of the distinctive Irish cattle that are world-famous for producing meat and milk of exceptional quality. Though its origin is clouded in obscurity, it is probably a member of the celebrated Kerry family of cattle, as the two breeds have many common characteristics. Its small size, and proportionately small cost of production, should warrant the interest of American cattle raisers, especially when it is considered that the Dexter is a prolific producer of high quality milk, and that its meat will compare most favorably with the breeds now highest in the favor of American stockmen.

The small size of the Dexter will be realized when the statement is made that famous bulls of the breed have weighed, at maturity, about 500 pounds—with the cows scaling a considerably less figure. The average adult stands about 35 inches high and is sturdy and compactly built, showing great depth of rib and general "business."

In addition to his Dexters, Mr. Busch will show his world-famous stable of Bevo ponies. These wonderfully handsome little fellows—really horses in miniature, are undoubtedly the best specimens now in America. They are all of 2 1/2 size, 42 inches high, and are remarkably alike in color and general conformity. Mr. Busch states that he will show his Bevos to harness; four-in-hand, six-in-hand, tandem, etc.

W. J. Stratton, secretary of the Fair Association, states that efforts have been made during each of the past several years to induce Mr. Busch to make these exhibits, and that their acquisition for this year's Fair is of the utmost value and importance. Mr. Stratton also states that one of the handsome new barns, which are now being constructed, will be reserved for the exclusive use of the Busch exhibits, and that there is no doubt but what these exhibits will be of great interest to a majority of the 1916 Fair visitors.

The wonderful increase in facilities provided for the 1916 State Fair of Texas, which will be held in Dallas October 14 to 29, has been extended to include practically all departments and divisions of the Fair. In the classes for agricultural and livestock entries this increase has been most marked, especially in the poultry section, where numerous new and interesting classifications have been created.

BIG PREMIUMS OFFERED AT 1916 STATE FAIR

DAIRY CATTLE DIVISION RECEIVES PROMINENT ATTENTION.

One of the most valuable features of any State Fair is found in the section devoted to exhibits of dairy cattle, and this is particularly true of the great State Fair of Texas, which has, during recent years, progressed to recognized leadership in this division.

F. F. Sliney, of Dallas, who is director in charge of this department, recently announced that unusually valuable premiums are to be offered by the State Fair of Texas this year for Dairy Cattle exhibits—and that such new work would feature this division.

The Dairy Demonstration tests, according to Mr. Sliney, will be conducted this year under the direct personal supervision of a member of the United States Department of Agriculture, and the system of awarding premiums which will be used has been carefully devised to give all entries an equal chance. Economical production must will be the deciding factor, and this will be established by applying a scientific "point" system originated at one of the government experiment stations.

It is strongly urged that farmers throughout the State enter their best dairy stock in this Demonstration, and it will be to the advantage of each individual farmer to do so, for the actual value of each animal as a profit maker will be definitely established through these tests. The Dairy Demonstration tests will continue for 12 days and will undoubtedly be one of the most interesting features connected with the 1916 State Fair of Texas.

Mr. Sliney further announces that the Fair will open October 14, and continue to and through October 29.

CALL FOR DEMOS. TO ASSEMBLE

The following official call for a Democratic county convention was issued today:

A Democratic county convention is called to meet at the court house in the City of Chickasha, at 2 o'clock in the afternoon of Tuesday, August 22, 1916. The Democrats of each precinct in Grady county will hold a caucus at the voting place in each precinct on the afternoon of Tuesday, August 1st, 1916, for the purpose of selecting delegates to the county convention.

Each precinct will be entitled to one delegate in the county convention for each ten votes or major fraction thereof cast in such precinct for the Democratic candidate for county judge at the general election in November, 1914. In all precincts where there is no candidate on the primary ballot for Democratic precinct committeeman, such Democratic caucus will elect a precinct committeeman.

MAJOR HINES, CENSOR, TAKES A JUMP

Major John L. Hines, censor with Pershing's forces in Mexico, is a busy man, but finds time to get a little exercise. He has a very good mount and daily is seen taking a ride around the camp.
